Taking this correction into account, the minutes were proposed as a true record of the meeting by Cllr Merriman, seconded by Cllr Vickers and all members voted in favour.

4. Matters arising from the minutes 6th February 2024

Cllr Merriman agreed to provide some leaflets to be distributed to the local residents reminding them to ensure they leave enough space for pedestrians and those pushing buggies to pass without having to step into the road.
- v) A thank you letter was sent to the local farmer who had cut back the hedges near the allotments.
- vi) Clerk had written to BT to complain about the poor broadband connectivity. No update yet.

This case is currently still under investigation. The investigating officer is in contact with the landowner.

ENF/22/00125 – Sutton Vale

The investigating officer is awaiting the submission of a planning application.

ENF/22/00228 – Goldstone Hollow

This case is currently under investigation. The investigating officer is in contact with the landowner.

11. Local Planning

For consideration by Councillors:

- i) 24/00054 Land Rear Of Sideways, Downs Road, East Studdal, CT15 5DB
Change of use of land for the erection of a self-build dwelling, sewage treatment plant, formation of a driveway with parking and gate (existing barn and aviaries to be demolished)
The Parish Council has no objections to this planning application, but would like to make a comment that the Parish Council own the access road and according to the Parish Council Title Deeds the landowner doesn't have right of way over this road. However, it seems to be on the landowner's title deeds. Also, there will need to be a financial discussion regarding running the utilities down that road if required. It was proposed by Cllr Merriman seconded by Cllr Densham and all members voted in favour. Clerk to submit the response to DDC Planning.
- ii) 24/00142 Forge Farm House, Forge Lane, Sutton, CT15 5DG
Erection of stable block, hay barn/games room, retaining walls, patio and landscaping. Forge Farmhouse is within the Sutton Conservation Area, but the proposed works are to the rear of the property and are outside, but border, the Conservation Area. The Forge Farmhouse site is situated back from Forge Lane, where the land rises to south. The site is in close proximity to two properties; Brewers and Forge Cottage, and is overlooked by Greenways - to the west. The site is visible from Forge Lane and from the surrounding village valley - which includes much of the Conservation Area. The owner of the Forge Farm House attended the Parish Council meeting and introduced the plans of the new plan, where they are trying to create a safe family home. There was one member of the public present who objected this application and another who had sent in objections in writing. The proposed gym/stable block will still overshadow the garden of the neighbours. The Council discussed the planning application and decided to make no comment and leave the decision to Dover District Council.
Cllr Steve Manion and Cllr Nick Kenton arrived.

- iii) 24/00144 The Homestead , Homestead Lane, East Studdal, CT15 5BN
 Proposal: Erection of a detached dwelling, vehicular access and associated parking. There were several members of the public attending and wanted to speak under this item and object this planning application. The Councillors discussed the application and decided to object to the application for the following reasons:
- This application is for building on land outside the existing and proposed village confines.
 - Road safety. The proposed driveway is located at the tightest point of Homestead Lane and directly opposite an existing driveway.
 - The application includes reference to foul sewage being connected to the mains sewer. There is no mains sewer to connect to.
 - Flooding issue, concerns over water run-off from the large area of hardstanding to the front of the building which would put extra pressure on already inadequate road drainage.
 - Existing redevelopment opportunity. The applicant has confirmed that the development is for personal use, being one family member. There is already an existing building within the boundary that has approval for development and change to residential use. It was proposed by Cllr Merriman seconded by Cllr Densham and all members voted in favour. Clerk to submit the response to DDC Planning.
- iv) 24/00045 Chapel Farm, Chapel Lane, Ashley, CT15 5HX Erection of front first floor roof extension, rear 2 and 1 storey extensions, front porch and detached garage (existing front porch, rear & side extensions to be demolished)
 Cllr Vickers had spoken to the neighbours and they had no objections to the revised plans. After discussion Council decided to support the application, proposed by Cllr Vickers seconded by Cllr Merriman and all members voted in favour. Clerk to submit the response to DDC Planning.
